

NENUN PROGRAMME
November 13 2018
University of Copenhagen - Marmorhallen (CPSC)

Tuesday November 13

08.30 Registration and coffee

09.00-09.10 Welcome

09.10-10.30 Novel technologies

09.10-09.30 *Fiddling with Nanopore Sequencing: The Good, the Bad and the Ugly* Mads Albertsen

09.30-09.50 *Raman microscopy and nanoSIMS to assess activity, redox state, and generation times of single cells* Andreas Schramm

Contributed abstracts

Contributed abstracts

10.30-10.45 *Coffee break*

10.45-12.05 Terrestrial Environment

10.45-11.05 TBA Edith Hammer

Contributed abstracts

Contributed abstracts

12.05-13.00 *Lunch*

13.00-14.20 Engineered Environment

13.00-13.20 TBA Woo Jun Sul

13.20-13.40 *Biodegradation of micropollutants in engineered systems* Jeppe Lund Nielsen

Contributed abstracts

Contributed abstracts

14.20-14.40 *Coffee break*

14.40-16.00 Aquatic environment

14.40-15.00 *Biogeography of sea-ice bacteria* Eeva Eronen-Rasimus

Contributed abstracts

Contributed abstracts

16.00-17.20 Extreme environment

16.00-16.20 *Transcriptomic responses to warming and cooling of microbial communities in tundra soil* Morten Schostag Nielsen

Contributed abstracts

Contributed abstracts

17.20-17.30 Closing

17.30-21.00 *Dinner and networking*
